MX2_70

Technical description

Extruded aluminum system for recessed installation on plasterboard on the ceiling. The satin methacrylate diffuser falls about 4 cm from the ceiling to allow comfort lighting. Structured with an ad system interlocking of the electrical kit, allows a remarkable ease of installation both for the fluorescent version than for the LED version.

Installation:

Wire on plasterboard.

Dimension:

MX2_70

P = 165mm H = 115mm L = 88mm

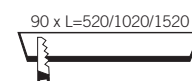

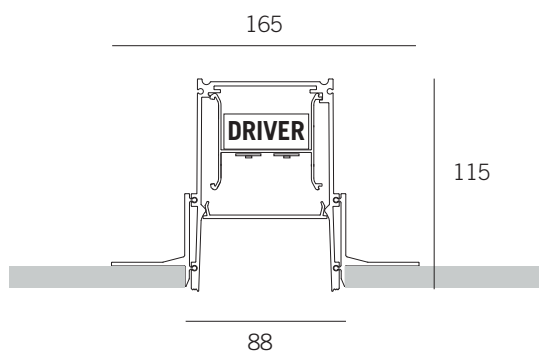

Color:

94
bianco superopaco
white ultramatte

MX2_70

IP 40    

MX2_70

ATTENZIONE: applicabile solo con cartongesso standard spessore 12mm.
ATTENTION: applicable only with standard 12mm plasterboard.
