## MX1\_12

### Technical description

Modular system in extruded aluminum for ceiling installation. The satin polycarbonate diffuser falls 1.5 cm above the ceiling to allow comfort lighting. The system is wired with a 24V LED strip where the power supply is remote and the polycarbonate diffuser covers the entire length of the profile creating a continuous light line.

### Installation:

Surface-mounted.

### Dimension:

MX1\_12

P = 15.5mm H = 30mm

### Colore:

94 bianco superopaco  
white ultramatte

92 nero superopaco  
black ultramatte

98 alluminio anodizzato  
anodized aluminium
