

MX2_27

Technical Description

Modular system made of extruded aluminium for total recessed installation in plasterboard surfaces thickness 12,5mm. Epoxy powder painted in ultramatt white.

The satin polycarbonate diffuser is 1,4 cm retracted from profile lower part, in order to obtain more comfort and a better control of the beam.

The system can be wired with LED strips 24V, where the driver is remote positioned and the polycarbonate diffuser covers all the profile length, creating a continuous lighting effect.

Installation:

Total recessed in plasterboard thickness 12,5mm

Dimensions:
